### **ABOUT US:**

Fulfilling Life Without Limits (FLWL) is a Home & Community Based Service (HCS) Provider that offers **Quality Care** with a high standard of excellence to persons with intellectual and developmental disabilities. We exist to ensure that each individual's humanity and dignity is respected and to strengthen their lives with both family and the community.

FLWL was developed from a desire to provide optimal care and service for persons with intellectual and developmental disabilities. With 20 years of combined experience of servicing such individuals, in addition to having children and family members with special needs, Lesley Grier, Program Director/CEO offers knowledge, skill and experience in working with families and various skilled professionals.

### **OUR MISSION:**

- Provide quality care & are committed to excellence in our delivery of services;
- Pursue full community involvement & productive consumer participation within society;
- Provide training & skills development to promote healthy & institutional-free living.

**“Link and Grow Together with the Community!”**

*We believe in promoting independence and optimal health by linking persons to resources, which provide growing together with the community!*

**“Promoting the Capabilities of the Individual without the Limits of the Disability!”**

### **To promote institutionally-free living we:**

- **Invest** a great deal of quality time, energy and incorporate professional expertise.
- **Assess** each individual from various aspects and focus on the person's needs and strengths.
- **Set goals** to help each person develop as much self-determination and independence as possible.
