

Imar Enterprises Home and Community-Based Services (HCS) believes in the uniqueness of each individual, and as such, operates on a personal level to provide the individualized services to address each consumer's needs.

No matter the challenges the individual faces, Imar Enterprises will go to every length to afford the individual opportunities to live to his/her fullest potential. We encourage and assist families to remain involved in all aspects of an individual's life and to provide as much assistance and emotional support as possible.

"Special Care for Very Special People"

**Home & Community-Based
Services Program**

Our Mission

To make life better for individuals who have been diagnosed with mental retardation and/or other disabilities by providing the best quality of care with a full array of individualized support services; and to maximize support for the individual's right to live to the fullest in a natural environment.

What is the HCS Program?

The Home and Community-based services program (HCS) is a Medicaid waiver program for persons with mental retardation. This program was developed as a cost-effective alternative to institutional care.

The HCS program promotes individualized services and fosters an environment where people can express preference, exercise choice, and make responsible personal decisions. Individuals can receive services in their family home, in their own home, in the community, or at a core facility that offers after school activities, weekend recreation, and respite care. Imar Enterprises is an HCS provider and can give you the services you need.

These services can be provided in your own home, your family's home, a foster care home where you live with another family, or a home in the community where you live with two or three other people.

In the HCS program, you pay for your room and Board with your SSI check and HCS pays for the other services that you need. HCS pays only for certain types of services depending on if you need them or not.

HCS Residential Options Include:

- *Residential Support*
- *Foster/Companion*
- *Supervised Living*
- *Supervised Home Living*

Additional Services:

- ***Day Habilitation***
Programs tailored to individuals needs & choices with a focus on developing & enhancing skills used in daily living and workplace settings
